Hello Everyone,

Re: Inventory Request for 2016 Grant Allocation

It is that time of the year again. Each year according to 40 CFR 144.8, Region 6 requests and collects the States' UIC inventory of wells for purposes of grant allocation. This is that request. Attached is an Excel Spreadsheet to be filled out completely on the inventory for your program. Presently you can see the last four years that were submitted for those years. Only fill in for 2016. From that you can see the various well classes and categories to be reported. Note the request for Class III and Class IV sites. Population and Area are always completed by HQ. Please report updates on all categories that pertains to your agency and return the Excel Spreadsheet to me electronically by Noon, Wednesday, October 28, 2015. Once I have completed the inventory for 2016, I will send everyone a final copy.

NOTE: As before, Headquarters is requesting the 2016 inventory per the Federal Fiscal Year, which start October 1, 2015 – September 30, 2016. I realize the 40 CFR 144.8 says calendar year. To make my life much easier, I am asking you send your inventory information to as per Federal Fiscal Year. Therefore, you will tally your 2016 inventory to end September 30, 2016.

If you have any questions or concerns please give me a call.

Thanks,
